WHO EMRO 1	Regional workshop for reviewing	country experiences in H1N1	nandemic influenza vacci	ine denloyment and	vaccination activities

Regional workshop for reviewing country experiences in H1N1 pandemic influenza vaccine deployment and vaccination activities took place in Beirut Lebanon between 12-14 May
2011 to share experiences among countries in the Eastern Midetteranean 🛘 🖟 Region; identify challenges, lessons learned and successes in implementation of deployment and
vaccination plans considering lessons learnt during the H1N1 2009 pandemic; and develop a roadmap of actions to ensure integration of national vaccine deployment plans into the
national pandemic preparedness and response plans.
