needed to meet those priorities.

This short report highlights promise man a supported or a transing continuing the action meet these priorities.

This short report highlights provides a desired and straightforward as possible to that everyone can see what WHO is doing, it consists of two tables focusing on a list of a levi interest to the priorities of the priorities o

The 10 key initiatives for 2019

| Key initiatives | Status as at December 2019 |
|--|--|
| Forming an Alliance for Health for All by All with key partners and stakeholders in the Region | A preparatory meeting for the Regional Health Forum was held in November 2019; the launch of a Regional Health Alliance is planned for the Regional Health Forum in 2020. |
| | The Global Action Plan for Healthy Lives and Well-being for All, a worldwide initiative to improve collaboration for health among multilateral agencies, is being piloted in five countries of the Region; discussions have begun in three additional countries. |
| Establishing a leadership and health diplomacy development programme | WHO's African Region is planning to hold its next leadership and health diplomacy course jointly with the Regional Office for the Eastern Mediterranean; the course is scheduled to take place in Caliro in April 2020. |
| | The Regional Office for the Eastern Mediterranean partnered with the United Nations System Staff College (UNSSC) to |
