

The WHO EMRO Region is committed to achieving the Sustainable Development Goals (SDGs) through a focus on health, equity, and resilience. This strategic plan outlines the key priorities and actions for the next five years, building on the progress made in the previous period. The Region will continue to work closely with its member states and partners to address the most pressing health challenges and improve the health and well-being of all people in the Region.

Key priorities for the Region include: strengthening health systems, promoting health equity, and addressing the burden of non-communicable diseases (NCDs). The Region will also focus on improving the health and well-being of vulnerable populations, including children, women, and people living with HIV/AIDS. The strategic plan is based on the WHO EMRO Region's vision of a healthy, equitable, and resilient Region.

The Region will continue to work closely with its member states and partners to address the most pressing health challenges and improve the health and well-being of all people in the Region. The strategic plan is based on the WHO EMRO Region's vision of a healthy, equitable, and resilient Region.
