[Expert consultation on evidence-based guideline development and adaptation in the Region, 18–19 November 2016](#)

[Summary report on the Expert consultation on evidence-based guideline development and adaptation in the Eastern Mediterranean Region, Cairo, Egypt, 18–19 November 2015](#)

[SUPPORT summary workshop: evidence for policy-makers, 15–18 November 2016](#)

WHO guidelines approved by the Guidelines Review Committee

The development of global guidelines ensuring the appropriate use of evidence represents one of the core functions of WHO. Recommendations that can impact upon health policies or clinical interventions are considered guidelines for WHO purposes. Below are some of the most recent guidelines.
