

The Global Health Professions Student Survey (GHPSS) fact sheets and country reports provide the results of the various survey rounds conducted in countries of the Eastern Mediterranean Region. All survey information is compiled within the participating country by a research coordinator nominated by the ministry of health, and technically reviewed by the World Health Organization (WHO) and the Centers for Disease Control and Prevention (CDC). The content of the fact sheets and country reports has not otherwise been edited by WHO or CDC.

Certain country reports are only available in the official language of that country.
