Figure 3. Annual rates of biomedical and health-research articles indexed in PubMed for the (a) EMR, (b) Kuwait, (c) Tunisia, (d) Lebanon, (e) Qatar, (f) Islamic Republic of Iran, (g) Oman, and (h) Jordan, and normalized to corresponding population size for years 2004–2013.

Thin lines represent corresponding second order polynomial trend lines for the two 5-year periods 2004–2008 and 2009–2013.
