	Update on progress	
	during 2019	
Region launched Visio	World Health Organization (WHO) in the Eastern Mediterranean n 2023, a new vision for health in the Region. The vision identifies ategic priorities and is supported by a strategy outlining the actions priorities.	
it was introduced. It is everyone can see wha key initiatives for 2019 Regional Office to imp to show progress on e	lights progress towards achieving the vision in the first year since designed to be as clear and straightforward as possible so that tWHO is doing. It consists of two tables focusing on a list of 10 that was set out in the vision and a plan developed by WHO's element the vision in its first year. The report uses simple indicators ach item; green for substantial progress, ander for some progress	
	atial progress. Where no substantial progress has been made on an
