

Over the past few years, we have been celebrating WHO's 'Walk the Talk' campaign to coincide with the Regional Committee Meeting to uphold our commitment to adhering to our values and principles of health.

This year, in light of the COVID-19 pandemic, we will be walking the talk virtually on Sunday 11 October, 11:00 Cairo time, as we dedicate this year's event to our fearless health workers at the frontlines of the fight against the pandemic.

The virtual 'Walk the Talk' theme this year will be "Health workers: A lifelong marathon to save lives"

We invite you to take part in and follow the Facebook live session as we move across countries in the Region, acknowledging the tireless work of health workers and paying tribute to their fearlessness, dedication and perseverance. Despite the distances, the virtual walk across the Region is an opportunity to hold an event that is both inclusive and timeless.
