

The report on the Third Intercountry Workshop on the IMCI Community Component held in Tabriz, Islamic Republic of Iran, from 24 to 27 July 2005, is now available on-line. The report describes in detail progress in implementation of the IMCI community component in the Region, how to prioritize investments to promote key family child care practices based on a review of the evidence, the communication design process, and technical updates on the IMCI clinical guidelines and developmental work undertaken by the Regional Office. It includes the conclusions and recommendations made at the workshop.
