

## [WHO and partners gear up to safeguard lives of displaced persons fleeing Mosul](#)

26 October 2016 – WHO, together with national health authorities and health cluster partners, have accelerated preparedness and response measures for internally displaced persons from Mosul by prepositioning 46 mobile medical clinics, 45 mobile health teams and 26 ambulances in a number of prioritized areas around the country. Life-saving medicines and supplies for more than 350 000 beneficiaries have also been prepositioned, including chronic disease medicines, diarrhoeal disease medicines, and trauma and surgical supplies.
