14–18 April 2012 – A one-week WHO consultancy from 14 to 18 April 2012 will be conducted in Oman to provide technical support to the Ministry of Health in guiding the development of advanced nursing practice. The role, scope of practice, educational preparation, service delivery structure, practice environment and legal framework will be assessed. Recommendations will be developed for the integration of the advanced nursing practitioner role within primary health care and advice provided on pilot-testing the family/community health nursing advanced practice programme in Oman.
