

9 August 2016 – The WHO country office in Pakistan is issuing a call for bids for a human resource/management consultancy firm/company/institution to submit a technical proposal addressing human resource and managerial reform of the Expanded Programme on Immunization (EPI) programme at federal and provincial EPI offices.

The technical proposal should include a detailed description of the methodology to be adopted and tools to be used for the review process with a description of how the exercise will be implemented at federal and at each of the four provincial (Punjab, Sindh, Khyber Pakhtunkhwa and Balochistan) EPI offices with the number of persons to be involved and logistics plan.
