

Under the theme of "Beyond aid...research and innovation as key drivers for health, equity and development", the Council on Health Research for Development (COHRED) and the Global Forum for Health Research will hold Forum 2012, a research meeting focusing on potential, solutions and developing capacities, specifically in low- and middle-income countries and emerging economies, and how global collaboration can leverage this for a new era of global development support.

Forum 2012 will be held in Cape Town, South Africa, from 24 to 26 April 2012. It aims to make a unique contribution to health, equity and development in a measurable way.
