

## SHC & Trauma <sup>2</sup>

30,682

No. of trauma cases supported

423,643

No. of hospitals consultations

## Coordination

8

No. of national and sub-national health sector coordination meetings led by WHO

## RCCE

9

Number of community health workers trained on RCCE to provide preventive health care, disseminate health information, and support community mobilization

0

Number of individuals reached via RCCE media messaging.

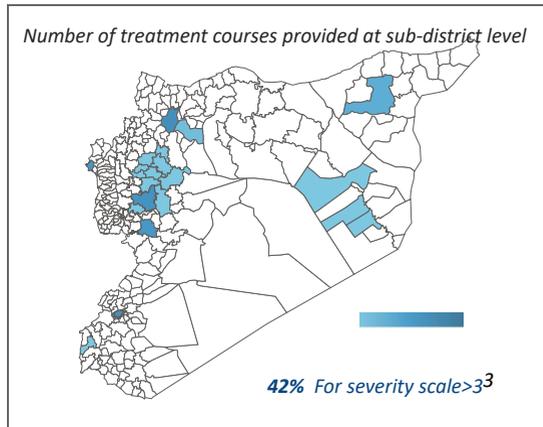

1

Number of community-level RCCE campaigns successfully implemented and completed

5,348

Number of individuals engaged through RCCE outreach activities to promote health awareness and behavior change

## Treatment

209,858

No. of treatment courses

83,943

Beneficiaries reached

## PHC

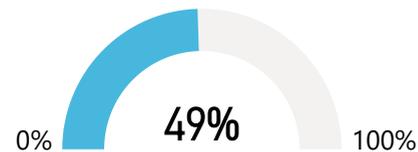

444,049

No. of consultations at PHCs

0

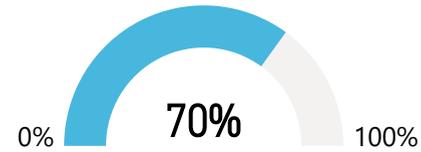

No. of DoH supported with medical equipment

## Mental health

% of health facilities that have trained and supervised H/CWs, and delivered integrated MHPSS interventions

## Nutrition

% of PHC facilities that provided nutrition services

49,313

Beneficiaries reached with nutrition services

0.17

Nutrition utilization rate

## Hearing Screening Program

72

# of reporting centers (PHC)

2,134

# of children screened under the hearing program

## PRM

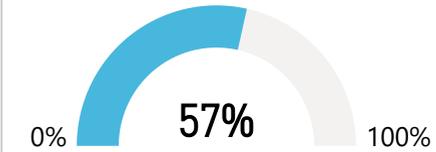

0

Number of people reached with awareness-raising messaging on PRS

0

Number of partners & collaborators trained on PRS

## IMCI

% of PHC facilities that provided IMCI services

Beneficiaries reached with IMCI services

106,819

Beneficiaries reached with IMCI services

0.38

IMCI utilization rate

## New born care at home

639

# of home visits in new borne care at home

## Rehabilitation

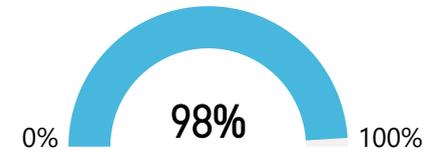

% of ongoing and completed rehabilitation and restoration of health facilities

## EWARS

1,373

Sentinel sites

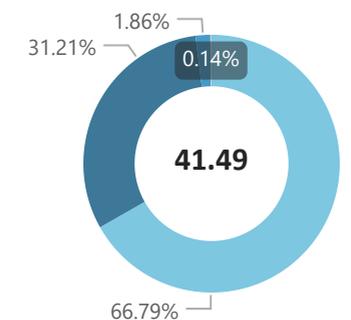

% of alerts investigated and responded to within 72 hours

% of sentinel sites submitting weekly surveillance reports

## logistics

Non medical supplies Kits Medicines Equipment

## HeRAMS\*

21

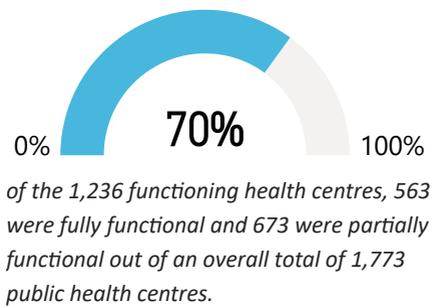

Density of public health workforce per 10,000 Pop

125

No. of health workers trained or retrained

 # of functioning public health centres:

1,233

 # of functioning public Hospitals:

101

## National NGOs Coordination

 3

No. of WHO implementing partners (national NGOs)

 0

% of IDP camps /settlements covered by WHO implementing partners

 2

No. of PHC centres supported by WHO implementing partners

 5

No. of rolled out mobile medical clinics / teams

 13

No. of static medical points supported

 30,362

No. of outpatient consultations provided by WHO implementing partners

 0%

% of assistive devices distributed by WHO implementing partners

 60%

% of outpatient consultations provided to children under 18

 67%

% of outpatient consultations provided to women 15-49

 23%

% of outpatient consultations provided to NCD patients

 10,407

No. of treatment courses provided by WHO implementing partners

 6,013

No. of mental health services provided by WHO implementing partners

 337

No. of women, men, girls and boys reached by GBV awareness or empowerment activities

 3,132

No. of beneficiaries reached with RCCE activities on health education and promotion

 904

No. of women, men, girls and boys reached by MHPSS awareness activities including campaigns

 22

No. of MHGAP consultations provided by non specialized trained and supervised doctor

 0

No. of referral cases supported by WHO implementing partners

 0%

% of deliveries supported by WHO implementing partners per total number of referred cases

 0

No. of Trauma cases supported by WHO implementing partners

 0

No. of physical rehabilitation sessions supported by WHO implementing partners

## EPI

157

No. of mobile EPI teams deployed

78

No. of outreach teams deployed

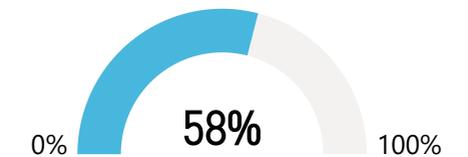

3.80

AFP rate (Polio surveillance)

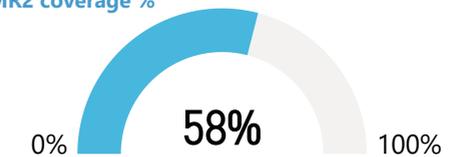

0.94

Adequacy rate (Polio surveillance)

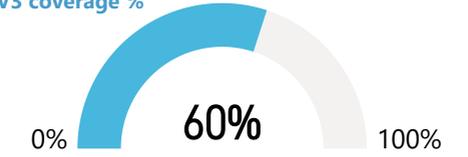

### DPT3 coverage %

### MMR2 coverage %

### OPV3 coverage %
